CONNECTIONS WITH CERTAIN FACILITIES AND/OR EQUIPMENT OF OTHERS

15.1 GENERAL PROVISIONS

15.1.1 General

- a. Terminal equipment and communications systems provided by the customer may be connected at the customer's premises to telecommunications services furnished by the Company where such connections are made in accordance with the provisions of this Section.
- b. No customer owned terminal equipment will be connected to telecommunication services furnished by the Company, except equipment approved by the FCC.
- c. The Company will not be responsible for any loss or damage, nor for any impairment or failure of the service, arising from or in connection with the use of facilities of customers and not caused solely by the negligence of the Company.

15.1.2 Responsibility of Customer

- a. The customer shall be responsible for the installation, operation and maintenance of any customer-provided terminal equipment or communications system. No combinations of customer-provided terminal equipment or communications systems shall require change in or alteration of the equipment or services of

Upon notice from the Company that a customer-provided terminal equipment or communications system is causing such hazard, damage, malfunction or degradation of service, the customer shall make such changes as shall be necessary to remove or prevent such hazard, damage, malfunction or degradation of service.

b. The customer shall be responsible for the payment of a Trouble Location Charge for visits by a Company employee to the customer's premises when a service difficulty or trouble report is made and customer-provided terminal equipment or a communications system turns out to be the cause of the service problem.

15.1.3 Responsibility of Company

Telecommunications services are not represented as adapted to the use of customer-provided terminal equipment or communications systems. Where customer-provided terminal equipment or communications systems are used with telecommunications services, the responsibility

15.1 GENERAL PROVISIONS (continued)

15.1.5 Violation of Regulations

When any customer-provided terminal equipment or communications system is used with telecommunications services in violation of any of the provisions in this section, the Company will take such immediate action as necessary for the protection of the telecommunications network and Company employees, and will promptly notify the customer of the violation. The customer shall discontinue such use of the terminal equipment or communications system or correct the violation and shall confirm in writing to the Company within ten days, following the receipt of written notice from the Company, that such use has ceased or that the violation has been corrected. Failure of the customer to discontinue such use or to correct the violation and to give the required written confirmation to the Company within the time stated above shall result in suspension of the customer's service until such time as the customer complies with the provisions of this tariff.

SECTION 15  
Original Sheet 6

CONNECTIONS WITH CERTAIN FACILITIES AND/OR EQUIPMENT OF OTHERS

15.2 CONNECTIONS OF OTHER COMMON CARRIER PROVIDED COMMUNICATIONS  
SYSTEMS

15.2.1 General Provision

Communications systems provided by Other Common Carriers, (OCC), may be connected with the facilities furnished by the Company for exchange, Long Distance Message Telecommunications Service (MTS) and Wide Area Telecommunications Service (WATS).

15.2.2 Responsibility of the Customer

- a. Where exchange, MTS, and WATS are available under this tariff for use in connection with OCC-provided communications systems, the operating characteristics of such systems shall be such as not to interfere with any of the services offered by the Company. Upon notice from the Company that the OCC-provided system is causing interference, the customer shall arrange with the OCC to make such change as shall be necessary to remove such interference.
- b. The customer shall be responsible for payment of a Trouble Location Charge, as set forth in Section 4, preceding, for each visit by the Company to the premises of the customer where the service difficulty turns out to be from the use of equipment, facilities, or services provided by an OCC.
